

Greetings of Health to my Jacki's Aerobic Dancing Students,

As promised, here is an update on Fall 2017. My communication both via email and phone has been restricted as I am working on sensitive matters to have our Congress move past attempts to repeal and replace the Affordable Care Act and cut the Medicaid program and turn its attention towards bipartisan policies that would safeguard the stability of health insurance markets for 2018 and beyond. This matter will resume when Congress reconvenes from their recess on September 5<sup>th</sup>.

I am also diligently working with the American Public Health Association on the Public Health Action Campaign (PHACT) to solidify the Prevention and Public Health Fund funding for public health since the end of the fiscal year is quickly approaching. This is required as part of the vision and mission statement of National Association for Health and Fitness (NAHF) [www.physicalfitness.org](http://www.physicalfitness.org) as I am their President and Executive Director.

My efforts in DC will impact millions of people, and because the condition of our healthcare system is of the utmost importance, I must continue my commitment to this opportunity I have been given.

Together with my prevention seminars for Blue Shield and expanded travel to DC, I cannot deliver the Jacki's Aerobic Dancing Program with any consistency and therefore, will not be teaching aerobic dancing in the Fall of 2017.

I wish each and every one of you my best wishes for your continued wellbeing and I hope that you are enjoying your Summer.

Love, Diane
